Wednesday, May 26 at ____ Mid-Atlantic Realty

Tier 2 & 3 Members Free, Tier 1 Members: \$5, & Non-Members: \$10

Letter from the President

The mission of the York County Chamber of Commerce is to be the voice of businesses within the county, large or small. Our desire is to help the business community continue to thrive. In an effort to do that I think it is important to highlight at least one thing that your chamber is doing for the business community. The chamber’s Executive Committee meets monthly with one member of the County’s Board of Supervisors to discuss concerns from the business community. This meeting gives the chamber the opportunity to share ideas with the Board of Supervisors to ensure the business community’s “voice” continues to be heard. We welcome any and all input from our members to help us continue to represent your interests and concerns. Please feel free to contact me directly with any ideas or concerns.

The Events Committee is working on a host of great things for the membership in the upcoming future:

A short business education survey is being developed and will be coming out soon via e-mail to help us determine our member’s needs and wants. Please be on the look out for that survey.

Business After Hours is looking for hosts for the 2011 year. 2010 has already been filled however it’s never too early to get on the list for next year.

The chamber is also putting together a Local Leaders Luncheon, tentatively planned in mid-September, to give business owners and individuals an opportunity to meet and greet local and state officials and hear more about the “State of the County”.

Finally, for those of you who are interested in sponsoring and/or playing in the chamber’s annual Al Meadows Memorial Golf Tournament , we have decided to move the tournament from it traditional time in May to October. We will be sending out information in regards to the specific date and location in the near future and, as always, we sincerely appreciate all the local support of the event.

Let us know what the chamber can do to help your business!

Chuck
