

Shane Hogge

I started my business, Shane's Salon & Day Spa, in 1982 out of a 400 sq ft building watching my business grow into what it is today a 3,500 sq ft building. I have been a salon owner for 30+ years, I place my focus on my business and do not worry about other facilities as I can only control my own fate. I believe a high degree of personal attention as well as hiring the most talented professionals will create a reputation of good value and great customer service. There is nothing more rewarding than knowing that you have made someone feel better about themselves.
