

Wade Garnett

Wade Garnett was born and raised in Hampton, he graduated from Hampton High and obtained a B.S. in Mechanical Engineering from Old Dominion University. Wade now resides in Seaford with his wife Robbie, daughter Haylie and Dog Tucker.

After 24 years of service with Newport News Shipbuilding and retiring in 2004, Wade has been enjoying his now full-time building profession which has been his passion for most of his life. From planning and design through every phase of the construction process, Wade will share your vision of the completed home and will ensure that it is realized in every detail. Wade was recently awarded Remodeler of the Year for 2010 by the Remodelers Council of the Peninsula Housing and Builders Association (PHBA), and was presented with the Builder of the Year by the PHBA in 2011. Wade has helped build numerous Habitat for Humanity homes through his church and was one of five builders to participate in a Builders Blitz in Williamsburg 2012. Wade is a Certified Aging in Place Specialist (CAPS) and is also a Certified Green Professional (CGP).

Wade Garnett's homes and remodels are unique in their quality and attention to detail. By working only a few new custom homes, remodels and additions at a time, each home and client gets the attention they deserve. You will find Wade on the jobsite every day, supervising the work, ensuring quality materials are delivered, monitoring costs, and checking schedules. Wade Garnett and Garnett Construction are, "Building a Name in the Community".
